

Side opening isothermal container for the transport of hot, chilled and frozen meals

- The wide side opening eases load insertion and extraction operations.
- Provided with one top runner to house a eutectic plate or a pan GN1/1.
- Capacity: 48 litres.
- It assures proper temperature retention, limiting the risk of bacterial proliferation whilst preserving food quality and organoleptic characteristics.
- The isothermal characteristics comply with current regulations (EC Reg. 852/2004 – HACCP-) and with applicable technical standards (EN 12571 and Accord AFNOR AC D40-007).
- Stackable and easily movable, thanks to the Multiservice trolley.
- Produced with rotational moulding technology: the container and the door have a monolithic structure (no sharp corners, junctions and welds).
- Designed to be long lasting: performance remains basically unaltered when reused.
- Fully recyclable at the end of the operating life.

MANUFACTURING MATERIALS

Polyethylene	inner and outer walls of the container and of the door; food contact safe	Polyurethane	insulating material between the walls of the container and of the door; free of CFC and HCFC
Silicone rubber	gasket	Fiberglass reinforced polyamide	hinges, latches
Stainless steel	carry handles	POM acetalic resin	handles covers

CHARACTERISTICS

	<p>Provided with 1 top runner to house a plate or a pan GN1/1.</p> <p>It can carry:</p> <ul style="list-style-type: none"> • 2 GN 1/1 h100 + 1 eutectic plate; • 1 GN 1/1 h200 + 1 eutectic plate. 		<p>Fitted with an easily removable door that opens up to 240°, facilitating washing.</p>
	<p>Eutectic plates:</p> <ul style="list-style-type: none"> • hot (red) • chilled (pink) • superchilled (white) • frozen (blue) • extra frozen (green) <p>to increase temperature retention performance over time (on request).</p>		<p>Easily removable door gasket.</p>
	<p>Stainless steel carry handles with handle cover.</p>		<p>Melform closures in shockproof material.</p>
	<p>Equipped with adjustable relief valve.</p>		<p>Equipped with shockproof hinges, with high resistance to stresses.</p>
	<p>Transport trolley Multiservice S:</p> <ul style="list-style-type: none"> • capacity 150 Kg; • 4 rubber coated, anti-tracking castors with PP core; • castors dia: 100 mm; • 2 fixed castors; • 2 swivel castors with brake. 		<p>Trolley Multiservice D. Adding the PMS shelves, it can be used as a station for direct service of meals.</p> <ul style="list-style-type: none"> • capacity 200 Kg; • 4 rubber coated, anti-tracking castors with PP core; • castors dia: 125 mm; • 2 fixed castors; • 2 swivel castors with brake.
	<p>USB data logger available (on request) to record temperature data during transport.</p>		<p>Monolithic structure, no sharp corners, junctions and welds.</p>
	<p>Insulated with CFC and HCFC-free polyurethane foam.</p>	<p>°C</p>	<p>Container guaranteed for use: -30° to +100°C.</p>
